WPA Classes Give Program at School

Pupils of Miss Marlene Malcolm, dance instructor of the Federal Division of Recreation (WPA) for Redwood City, presented their "Winter Wonderland" program Saturday evening at Washington School before a large crowd of friends and relatives of the performers.

Songs, Christmas carols, dances, plays and novelty numbers were on the program, which was directed by Miss Malcolm.

Proving especially pleasing were the song and dance, "Umbrella Man," presented by Barbara Schreiner, and the "Old-Fashioned Dance" given by Marilyn Brown and Janice Towers.

Participating in the show were Tillie Vargas, Anita Lares, Estelle Sanchez, Ernestine Sanchez, Dorothy Ayers, Shirley DeArmond, Barbara Schreiner, Dorothy Jean Cerqui, Lillian Sanchez, Madeline Martin, Florence and Evelyn Tideman, Marilyn Brown, Janice Towers, Lois Bean, Loretta Duncan, Juanita Molina, Pauline Lopez, Betty Jean Driffil, Mona Dean Holt, Isabel Rodriquez, Arlene Springer, Essie Boyd, Patsy Borges, Betty Clark, Trinidad Mendivil, Maclovia Trujillo, Beverly Brown, Mary Molina, Lupe Ochea, Vivian Tideman, Anna Petrucci, Kathrine Bullis, Nora Mann, Myre Dillard, Doris Milbourne, Billie Dahill, Joanne Clarke, Lois Bean, Mary Linda Patty, Betty Roloff, Kathleen Scafida, Anita Lares, Rosie Ontiveras, Connie Hase.

Deal Nearing Completion

Winfield Scott, emissary plenipotentiary in negotiations between the land owners and San Mateo County in the Butano forest purchase, was in San Francisco this week, hopeful of completing the last few details of the proposed lease-purchase contract which may be submitted to the board of supervisors for signature before the end of the year.

Scott warned the board Tuesday to be ready to meet at a moment's notice to complete the negotiations, in progress for 4½ years.

Only point still subject to negotiation is the price the county will pay for the 3120 acres in the Pescadero Creek basin north of Butano ridge and east of Memorial Park. A price of $284,000 had been tacitly agreed upon for the timber—largely fir and redwood—in the area, Scott said. Tan bark oak and other commercial stands are to be thrown in. What value, if any, will be placed on the land in addition to the timber value is yet to be determined.

UNDER $300,000

It was anticipated that the final price would be between $284,000 and $300,000.

Terms provide that the county will pay $5000 this year, the amount earmarked in the budget, and $15,000 a year for 14 or 15 years. No interest will be charged, it is understood.

Because of the involved ownership of the property, the deal may be handled directly between the supervisors and Stanford University, or Ray Lyman Wilbur, president of the University, as agent for the owners, it was explained.

All of the property under negotiation is owned by the Western Shore Lumber Co. and the Timothy Hopkins Estate, Scott explained. The Hopkins Estate in turn owns most of the Western Shore. Other owners in Western Shore include the estate of Walter Dean and the estate of Sen. Charles N. Felton.

SOME BEING LOGGED

The widow of Hopkins has a life interest in his estate, the property to revert to Stanford University at her death.

The Hopkins Estate and Western Shore own 4400 acres north of Butano ridge, Scott explained. Of this acreage, 1280 acres are under logging contract to the Santa Cruz Lumber Co., the balance being offered to the county. The proposed park lands include all of the property of Hopkins and Western Shore north of Pescadero Creek — about 1700 acres — and about 1420 acres south of the creek and north of Butano ridge.

Nearest approach of the Butano property to the county's Memorial Park, which is also in the Pescadero Creek basin, is a quarter of a mile.

Scott is secretary-manager of the Butano Forest State Park Association and has been working for years in an effort to save the virgin timber area from loggers.

Patrol Unit Branch Proposal Is Favored

Hearty approval has greeted the proposal of Robert Roos of Hillsborough, wealthy clothier, that a highway patrol safety station and first aid unit be established at Mills Field to serve the northern part of San Mateo County better when accidents occur and to prevent, where possible, further accidents.

However, the question of "who shall pay the cost" rose at once, bringing forth several suggestions.

Capt. E. F. Cassell of the highway patrol unit in San Mateo County pointed out that the state highway patrol was unable to finance such a branch and added that it was improbable if the patrol could establish a first aid station such as Roos suggested.

However, Dr. W. H. Musselman, head of South San Francisco Hospital, pointed out that the branch office would provide faster ambulance service to the north part of the county, would eliminate possibility of "crowding" at his hospital, the only hospital in the Bayshore area from San Mateo north, and would provide a better base for traffic control.

Mayors of all towns in the area which would be served by such a branch were sent copies of Roos' letter suggesting the station but, outside of expressions of general approval, declined to comment.

Lorenz Otzen, R. C. Resident 40 Years, Dies

Lorenz Otzen, resident of Redwood City for 40 years and founder and owner of the fruit packing firm in San Francisco which bears his name, passed away Monday at his home at 406 Hopkins Ave. after a long illness.

Mr. Otzen, who as a young man had come to San Francisco from his birthplace, Germany, a half century ago and had worked as a salesman for A. Schilling & Co. and had operated a grocery store in Redwood City before founding his packing firm 36 years ago, had not been well for 11 months. For the past four weeks he had been unable to leave the house.

With him when the end came peacefully shortly before 11 o'clock were his wife, the former Ethel Fox, whom he married in San Francisco 35 years ago, and a few other close relatives. He was unconscious during the last few hours of his life.

BROTHER, OTHER KIN

Other relatives include a brother, George Otzen of Alameda, and three nephews. Mr. and Mrs. Otzen had no children. Mrs. Otzen is the sister of Mrs. C. L. Dimmitt, wife of the city manager, and Mrs. Zoe Thorpe. They are daughters of the late Atty. George W. and Sarah T. Fox.

Mr. Otzen was one of the oldest members of Redwood City Lodge 168, Free and Accepted Masons, in point of membership, having belonged to the local organization for more than 40 years. One of his most cherished possessions was a Masonic ring which was found last year in a vacant Redwood City lot where he had lost it 20 years ago while attending a chautauqua lecture. He had worn the ring continuously before losing it, and had worn it since regaining it, it being on his hand at the time of his death.

DEMOCRATIC DELEGATE

Although Mr. Otzen did not ordinarily take an especially active part in politics, he became a delegate to the Democratic National Convention in Chicago seven years ago when Franklin D. Roosevelt was first nominated to the presidency. His interests were chiefly in his home, his business, and in reading and studying. He was educated in Germany.

Mr. Otzen's San Francisco plant had twice been burned and rebuilt, the first time during the 1906 earthquake and fire, the second time a little less than a year ago.

Ottawa, Kans., city of 10,000 people, has had no fatal traffic accidents since July 26, 1936.

William Upton Passes Away

William N. Upton, retired Elk Grove (Sacramento County) farmer and father of Elwood D. Upton, proprietor of the Redwood City cleaning firm bearing his name, passed away Tuesday afternoon after a five weeks' illness.

Mr. Upton was born in Elk Grove Feb. 27, 1863, and had lived there continuously until five years ago, when he moved to Redwood City. He made his home here at 1118 Clinton St.

Mr. Upton belonged to Elk Grove Lodge 274, Independent Order of Odd Fellows.

Besides his wife, Minnie B. Upton, Mr. Upton leaves six children, Elwood D. Upton of Redwood City, William E. Upton of Half Moon Bay, Mrs. Irma May Marshall of Sacramento, Mrs. Myrtle A. Deas of Oakland, and Mrs. Blanche M. Markofer and Robert M. Upton of Red Bluff. Two sisters also survive. They are Mrs. May E. Nelmes of Elk Grove and Mrs. Myrtle Brown of Los Angeles.

Man Unknowingly Sees Theft of Fence

ATHERTON, Dec. 21 — Police Chief J. E. Farrell was looking today for an eyewitness to what has been disclosed as theft of 200 feet of rolled-up fence wire from the A. M. Rosenstern Estate on Walsh Ave. Chief Farrell said he had been told that a man saw a truck drive away from the place with the fence, but did not realize that he was witnessing a theft. From the man Chief Farrell hopes to obtain a clue to identity of the thief.

Tickets on Sale For World's Fair

Three types of tickets to the 1939 World's Fair are now available at the Redwood City Chamber of Commerce office, according to Secty-Manager Roscoe D. Wyatt. The chamber office is located in the Sequoia Building on Middlefield Rd.

Wyatt explained the ticket books as follows:

(1) $10 "limited season ticket" book for adults, with 50 admissions for owner only; non-transferable, with owner's photo and signature.

(2) $5 adult scrip books, with 12 transferable tickets good at any time during the exposition, for anyone.

(3) $2.50 junior scrip books, with 12 transferable tickets good at any time during the exposition by any pupil in elementary, junior or senior high school.

Those who have already purchased tickets may exchange them if they wish to do so.

Mrs. Louis T. Sharon Succumbs in London

Mrs. Louis Tevis Sharon, 78, former Menlo Park resident and a sister of William S. Tevis Sr., of 1222 Oak Grove Ave., Burlingame, will be laid to rest at London, according to information received here. She died there Monday.

Mrs. Sharon was the daughter of the late Lloyd Tevis and was a socialite beauty in early San Francisco. She first married John C. Breckenridge, later divorced him and wed Frederick W. Sharon of England. She had continued to maintain the Menlo Park home after moving several years ago to England.

"HERE'S What I Expect An Advertisement To Tell Me!"

"Where Can I Buy It? Naturally, one of the first things I want to know about something I see in an ad is—**where can I buy it?** It isn't simply a matter of convenience and of saving time in planning my shopping, either! No, the **name of the merchant,** itself, often decides whether I buy or not. Invariably, you see, I give preference to stores whose ads I see regularly and often—I know those stores **must** have good value or they couldn't go on advertising year after year!

"What Will It Do for Me? I find it so much easier to make up my mind when the ad tells me **facts** about the merchandise! What is it? What will it do? How will it help me? Why do I need it? I want to know about color, weight, texture, material, style — I **enjoy** reading those things and I usually buy from the merchant who tells them to me.

"How Much Is the Price? Of course nearly every ad mentions the price, but if an item has been marked down I want to know from how much. So many sale ads say 'Was Higher' . . . **how much higher?** I want to know how much I am saving and I want the chance of deciding for myself if the item is a real value or not. I have more confidence in the store that is consistently truthful and buy from such a store regularly—and my husband says an old customer is worth three new ones because new ones cost additional money to get!"

READ THE ADS IN THE TRIBUNE — ALL OF THEM HELP YOU TO WISE SPENDING — MOST OF THEM HELP YOU TO MAKE WISE SAVINGS, TOO!

MENLO PARK NEWS

PALM HOTEL TO REOPEN

MENLO PARK, Dec. 23 — The Palm Hotel, recently purchased by E. F. Lindstrom of New Orleans, has undergone many repairs and remodeling and will be ready for business the first of the year. The southern fried chicken and apple pie, for which the South is famous, will certainly lure the gastronomist to the inviting and newly furnished dining room.

James J. O'Keefe and son, James Jr., left by motor for Santa Barbara last evening to be the guests of Mr. and Mrs. Russell Buchannan, nee O'Keefe, for a short time, after which they will journey to Phoenix, Ariz. There they will spend Christmas with Mr. O'Keefe's other daughter, Marcella, and her husband and young daughter, Patricia.

The marriage of a Redwood City young man, employed in Menlo Park, to a local popular girl, will be announced after the first of the year. The pretty bride-to-be is a fair daughter of Paris.

When it's Spring time in the sunny South she'll be coming back again—with a husband, a Menlo Park man. The young lady arrived from the South recently and became engaged to a local man who will accompany her home next March. Their names are withheld for the present.

William Farrell, who was killed Friday night in an automobile accident before entering his home in the O'Keefe apartments, was well known and liked in this community, where he had resided for 12 years. He leaves many relatives.

Years ago the Christmas tree always occupied a place in the parlor of a home—now it is given a prominent position on the front lawn. Safety first, of course—Santa Claus doesn't mind and the youngsters enjoy the open spaces.

Dr. and Mrs. Guy Manson of Fresno spent Sunday with Mrs. Dorothy Fredericks on their way home after a three-day stay at the Fairmont Hotel in San Francisco. Mrs. Manson was the former beautiful Jean Bruce. The Mansons have a son, Peter, attending Stanford, where he is preparing himself for the medical profession. The doctor has a large practice in Fresno from which he has accumulated a big fortune.

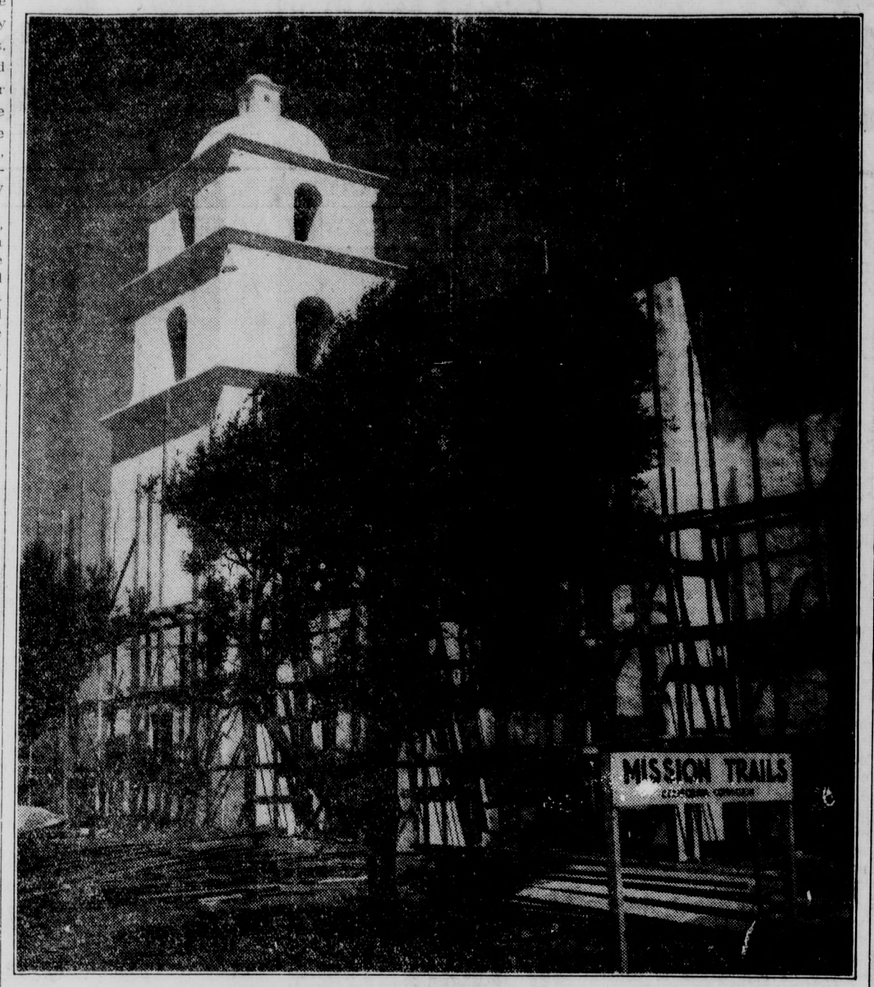

G-Man Commends Fingerprint Move

J. Edgar Hoover, director of the Federal Bureau of Investigation, has commended the Redwood City Eagles Lodge for its fingerprinting campaign, under way here.

In a letter to William P. Hogan, chairman of the Eagles committee, Hoover declared:

"Your organization is to be commended for its efforts in this regard, for there are many benefits to be derived by law-abiding citizens from placing their fingerprints on file in the civil identification section of the Federal Bureau of Investigation. Such fingerprints are maintained separate and apart from the criminal records, and they remain in the files throughout the lifetime of the individual as an absolute means of identification."

BUILDING MISSION TRAILS EXPOSITION HOME

This recent photograph, by the California State Commission, shows the rapid progress being made on the distinctive building—designed by Robert Stanton and Harold Edmondson—to house the exhibits of the counties of Santa Barbara, San Luis Obispo, Monterey, San Benito, Santa Clara, Santa Cruz and San Mateo, at Treasure Island in 1939.

Minimum Prices Set On Repossessed Lots

Minimum prices were set by the Redwood City Council Monday on 80 repossessed lots which will be advertised for sale shortly after the first of the year.

City Atty. Albert Mansfield said that the procedure now will be for the council at its Jan. 3 meeting to pass a resolution fixing the prices agreed upon and ordering the parcels advertised, so that bids may be received. The advertising must be done for three week, after which the council can sell the lots to the highest bidders.

Consideration was given to the feasibility of offering a bonus of some sort to purchasers who build on the lots immediately. Legal status of such action was referred to Attorney Mansfield for a ruling.

The lots will be sold through local realtors or at the city hall.

BIGGEST TOYSTACK EVER GATHEREDIN REDWOOD CITY IS DISTRIBUTED

The biggest community toystack—and by far the best as to quality also—ever accumulated in Redwood City was being distributed to needy and deserving families of the district Wednesday by the Sequoia High School Hi-Y.

The afternoon and evening were spent yesterday by members of the Junior Red Cross sorting and packing the toys into boxes to be taken to more than 20 families so that their children may have visits on Christmas Eve from Santa Claus.

So large was the toystack that it was expected some gifts would be left over. If so, they were to be turned over to the social welfare department and other agencies for distribution either at Christmas time or later.

This year's stack included dozens of dolls, several of them brand new; two children's bicycles; several tricycles; numerous wagons of various sizes; and scores of miscellaneous toys. Many were in exceptionally fine condition; others were made so by the Junior Chamber of Commerce and by the high school shop class members who repaired and painted the toys.

If you want to keep it a secret don't put it in the Want Ads.

Will Bequeathing Child to Friends Is Held Invalid

A will contest involving a $41,000 estate and custody of a 9-year-old child was decided Monday by Judge Maxwell McNutt when he denied probate of the holographic will of Mrs. Katie Jurucz Getto of San Mateo.

Mrs. Getto left two wills, one dated Mar. 25, 1938, and the other May 4, 1932. By terms of the 1932 will she left her property, share and share alike, to her husband and to their daughter, Anna, adopted by the Gettos when they visited Europe in 1931.

In the 1938 will, written in Hungarian, Mrs. Getto left all of her property but an apartment house and small home at 2063 El Camino Real, San Mateo, to the daughter, and "willed" her to the custody of two Santa Barbara friends, Elizabeth and Marie Okos.

By agreement, the girl will remain in custody of the Okos, while Getto becomes legal guardian of her estate. He filed his notice of election to take his half of the property rather than a community interest with the child.

The estate was appraised at $41,-22.50. On May 28 the San Mateo property suffered a $500 loss from an early morning fire when a score of occupants were driven to the street in their night clothes.

Mrs. Getto's 1938 will, one of the strangest documents ever filed, was translated as follows:

"I am leaving Otto Getto the apartment house and the little brown house where Mrs. Davis lived.

"I am writing this as he was very cruel during my illness. I leave Anna M. Getto everything I possess in this world.

"I leave Betty Okos and Marie Okos as guardians, Anna Getto and Otto Getto.

"Mrs. Katie Getto."

CONSTRUCTION PROJECTS WIN APPROVAL OF CITY COUNCIL

The "go ahead" signal for several construction projects was given by the city council Monday on recommendation of the planning commission, although one of the proposals brought only a 4-3 approval vote.

The split came over granting permission to Bryce A. Muir, agent for Emil Steinegger, for erection of a Shell service station on the northwest corner of Brewster Ave. and Bayshore Hwy. The dispute was not over the location or over plans for the ornamental iron structure, but over the setback. Muir asked that the present setback be observed, but Councilmen McCarthy, Hohn and Jones, who later voted "no" on the question, argued that a setback should be put into effect which would allow for a right-of-way 30 feet wider than at present possessed by the state for the road. Their action was inspired by a letter just received from Dist. Hwy. Engineer J. H. Skeggs, explaining that the state planned eventually to make the Bayshore a 185-foot boulevard and asking for the wider right-of-way.

Reasoning that the service station plans had been drawn and the property purchased by Steinegger before the state's request was made, Councilmen Fletcher, McNulty, Anderson and Christensen voted to permit erection of the station on the present line.

The council also approved a 20-foot setback line on Hopkins Ave. at Arch St. to permit Joseph Costello to erect a $25,000 apartment building there, but that permit too came only after argument, Councilman McNulty reasoning that the approval should not be given until the setback line is officially changed from 28 feet to 20, as proposed by the planners. Others, pointing out no opposition had been manifested, voted to grant Costello his permit so that work could be started at once. Attorney Mansfield explained that the setback line change would take about three months. McNulty voted favorably also on the question despite his opposition.

Closing of Lincoln St.'s dead end, and subdivision of a lot at the corner of James Ave. and Nevada St., as requested by Harry Hoefler, also were approved.

Consideration of Skeggs' letter regarding the wider setback on the Bayshore was delayed for a fortnight to learn what action the county supervisors take.

BICYCLE ORDINANCE IS ADOPTED

The ordinance regulating bicycles in Redwood City and imposing a 50-cent license fee on them was adopted. The measure becomes effective in 30 days unless made the subject of a referendum. Sponsored by the VFW's Bicycle Safety Club, the ordinance provides that licenses must be obtained from the police department. Bikes may not be ridden on sidewalks; may not be ridden by more than one person; and may not be ridden without lights under terms of the ordinance.

INSURANCE HELD EFFECTIVE AT RANGE

When Attorney Mansfield reported, after consulation with insurance men, that he was satisfied existing insurance protected the city against accidents to minors at the new pistol range, the council dropped the proposal to purchase special coverage.

No Need to Leave Comfort of Porch To Tune Radio With Mystery Control

It is now possible to tune the radio from a different room, from any remote point in the house, from the porch, from a seat under the trees, all without a wire, as a result of the most amazing invention since the radio itself came into being. This remote control of the radio is exercised with the little box shown on the knees of the young lady in the porch swing. It is known as Philco Mystery Control because it tunes the radio, changes stations, controls the volume, or shuts it off entirely by the mere flick of a finger on the dial. Engineers call it the device that will revolutionize radio and radio listening. It is remote control to the nth degree, and operates without wires. The control is on display at Engdahl's.

Short Douses Lights, Brings Fire Trucks

A shorted electric line in the vicinity of James and Grand Sts., Redwood City, caused by the wind and rain, made a brilliant flash, burned out seven or eight street lamps and brought out the fire department trucks at 9:37 o'clock Sunday in answer to telephone calls of residents in that district.

Christmas Day Closing Urged

Reports that some Redwood City business houses planned to remain open Sunday, Christmas Day, and close on Monday because that day has been designated as a legal holiday brought a plea from Louis C. Christensen as mayor of Redwood City Tuesday that stores which can do so close on Sunday at least during the hours of morning church services.

"It would be a fine thing if all stores could be closed all day Sunday in observance of Christmas," Mayor Christensen said. "But if it is contrary to union regulations to close on Sunday and open on Monday, I urge those stores which stay open to cut their staffs to the minimum, and, if possible, close entirely during the hours of morning church services so that those employes who so desire may attend their respective houses of worship."

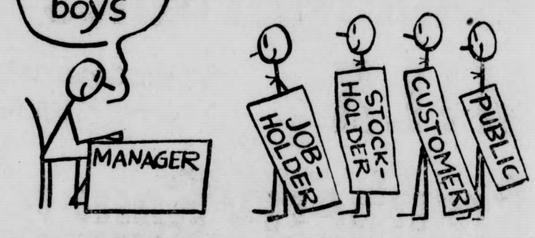

A recent survey indicates that less than a third as many Alabama residents have hookworm disease now as did 25 years ago.

Woman Regains Purse Tossed Away by Baby

BELMONT, Dec. 19—Because it was an honest man who walked down B[illegible]t., San Mateo, Mrs. Beryl A. Stevenson of Belmont still has her purse and her Christmas shopping money.

Mrs. Stevenson reported to police that her baby had thrown her purse out of the family automobile while Mrs. Stevenson was away. The police promptly turned over to her the purse which had been brought to the station by H. A. Bellows of San Mateo.

GEORGE ASKS ABOUT THE MANAGER AND HIS JOB

DEAR JOHNS-MANVILLE REDWOOD CITY PLANT—

What is the attitude of managers of large corporations today towards labor and the public?

GEORGE CITIZEN

Dear George

A manager of a corporation these days is a different kind of human being from the old-time owner-manager who used to own and run his own business and was responsible to nobody except himself.

Styles in managers have changed My company, Johns-Manville offers an example.

My company was founded by one man, who, with a helper and a clothes-wringer, made roofing in a New York basement 80 years ago. One man owned and managed the company.

But since the war, many corporations in the very act of making better products and improving their services have grown bigger and are usually owned—not by one man—but by thousands of people in all walks of life—I mean stockholders.

My company, for instance, is now owned by more than 7,000 people.

With this new "scatterment" of ownership of business has come an entirely new type of executive—who is in no way the owner, but a specialist hired to do an important job—a *professional manager*. His training and experience have fitted him for this job.

One of these modern professional managers is now president of my company—a former Iowa boy who, through training has become an expert in management.

The other day he made a speech down in Washington on this very subject of modern managers.

He said that a manager no longer represents just the owner, but today has to look after the interests of four different groups of people. (1) He has to look out for the welfare of the job-holders who work under his direction. (2) He has to protect the stockholders' investment and give them some return for the use of their money. (3) He has to please the company's customers. (4) And he has to please the general public. *He can't ignore or neglect any one of these four important groups of people.*

Because the head of my company sincerely believes in these responsibilities and is trying to look out for the best interests of these four important groups, I feel sure that the future ought to bring increased achievement for me in this community and that I can and will become an increasingly important force for economic and social good.

—Johns-Manville Redwood City Plant

A total of 4,221,399,000 American-made cigarettes valued at $8,127,226 were exported during the first eight months of 1938, a gain of about 15 per cent over the same period of 1937.

Fire losses on farms in the United States in 1938 were estimated to amount to $95,000,000, an increase of 5 per cent from 1937.

Approximately 7000 Four-H Club boys had small tracts of tobacco in cultivation in Kentucky in 1938.

Mail Box Thefts Reported to Police

Redwood City police today maintained a lookout for small boys reported to have been seen pilfering from rural mail boxes on Oxford St. between Woodside Rd. and Redwood Ave. Residents of the district reported that Christmas cards and mail apparently had been taken from some of the boxes, reportedly by youngsters.

HUNDREDS OF GIFTS SUITABLE FOR ALL MEMBERS OF THE FAMILY NOW ON DISPLAY—SAVE AT THE ECONOMY

Support Is Seen Of S.M. Doctors For Health Plan

San Mateo County's Medical Society is expected to indorse unanimously the State Medical Association's new plan for a low cost health insurance, Dr. Garwood Bridgman, delegate to the California Medical Association's special session at Los Angeles, said Monday.

Dr. Bridgman and Dr. Hartzell Ray, both of whom represented the county at the session, returned today with highest praise for the plan. Dr. Bridgman said the county society would discuss the insurance proposal at its meeting Dec. 28.

At that time, Dr. Bridgman said, it is expected that the county group will recommend that all doctors of the county join in the plan as professional members.

The state association is pioneering in a new field of medicine, with the low cost health insurance plan, Dr. Bridgman pointed out. By a 9-to-1 vote, the house of delegates voted to initiate the comprehensive health insurance scheme which guarantees medical attention to the average person by placing the services of competent physicians within his means.

Delegates to the special sessions were asked to enlist all possible support to the plan, which will provide subscribers with unlimited medical and limited hospital service, with any doctor or hospital chosen by the subscribed, at a cost ranging from $2.50 to $2.65 per month. At first the plan will be limited to wage earners with annual incomes of $2500 or less a year. A family rate is planned later.

Among the chief benefits of the plan, Dr. Bridgman pointed out, is that the subscriber may chose any physician or hospital. There are three types of memberships, the administrative, the professional and beneficiary groups. All hospitals and physicians will be urged to join.

Pupils from Washington, Central, John Gill and Garfield Schools formed a chorus.

Cement Stockholders Delay Finance Action

At a special meeting in San Francisco, stockholders of Pacific Portland Cement Co., which operates Redwood City's largest manufactory, delayed until Feb. 9 consideration of a plan to recapitalize the firm. The plan was referred to a committee of 12 for study and report.

Reading of the plan was waived yesterday. Chairman of the Board William F. Humphrey appointed 11 others to serve with him on the committee: John Sutton, Frank Belcher, John D. McKee, Charles Elsey, Wakefield Baker, Ben Boutelle, I. C. Copley, J. H. McCarthy, Ken D. Dawson, Herbert Fleishhacker and A. P. Welch.

McKee opposed the plan submitted by the board and suggested that recapitalization be studied by such a committee.

SHE 'CURES' DOCTORS

TOULOUSE, France (AP) — Andree Maurel, 15, of Fessac, near here, has been charged with illegally practicing medicine. Among 12,000 sick persons she is said to have cured by "faith healing" are a number of doctors.

More than 3000 co-operative societies, designed to aid China's prolonged resistance to Japanese invasion, have been organized in Fukien provinces.
